

SUBJECT: APPLICATION FOR MEMBERSHIP

Thank you for your enquiry to apply for membership to the Country Crafts Association please find enclosed an application form for your completion and return to myself either electronically or by post (address at the bottom of this letter).

The Association aims are as follows:-

- a) To be a forum for Crafts people and Artists - an information service to and for our members, providing the public with details of our members and their work.
- b) To keep members informed of events arranged directly by the Association and other events that may be of interest within the County and East Midlands.
- c) Promoting quality of workmanship and offering the public the reassurance that any work exhibited or sold by our members is hand-made by them. Therefore, applications are only welcomed by crafters who can guarantee their product is made directly by themselves.

Please note that our constitution only allows one member per application. However, at a later date, should your first craft application prove successful, you may apply to have a 2nd craft approved (maximum 2 crafts per member).

Once your application has been received, you will be invited to show your work before one of our bi-monthly meetings in Lincoln for assessment. Should your application be successful, I will write notifying you accordingly. Please note that membership subscription would then be due before any market dates and booking opportunities are available to you (currently £20 per annum).

I look forward to hearing from you, but if you have any queries please contact me.

Yours sincerely

A handwritten signature in black ink, appearing to read "Tracey Eskrett".
